

From Hollandale.  
Editor of Vicksburg Commercial Herald.  
Hollandale, Washington county, Miss., is a new but growing place. It is one of the generous outgrowths of the L. N. O. T. railroad. Some Vicksburg boys, the Messrs. Crouch Bros., Aiken & Co., and J. Kerstine, besides E. W. Scott and Mr. Woods have largely invested in commercial business. All these gentlemen own their own places of business, besides their own residences. It is thus important that, for the transaction of the business relating to their large respective interests, they should have the benefit of all transportation facilities, as well as of those for communicating speedily and promptly with their factors and merchants elsewhere.

The L. N. O. & T. railway it appears has concluded to abolish the telegraph office here. The merchants and citizens generally petitioned for the retention of the telegraphic department, as they feel that their business will suffer from the absence of it in various ways.

In answer to the petition, Mr. A. A. Sharp, master of transportation, wrote Messrs. Crouch and others at Hollandale, saying: "Gentlemen—Your petition, asking that we keep the agency and telegraph office open at your place received, and in reply will say that the present agent and telegraph office will remain as it is. And I am very glad that our agent at that place suits the patrons of the company. And I will assure you all that I will do anything in my power, at all times to meet the requirements of our friends and patrons."

"Yours truly,  
"A. A. SHARP."  
"Master of Transportation."

We presume that there must now be some mistake in making the removal of the telegraph office from this point, where a very large business is done and that Mr. Sharp will be kind enough to reconsider any later order, and rule that we shall have not only an agency, but a telegraph office at the important station of Hollandale.

CITIZENS.  
Pastry Without Butter.  
The American pie has been subjected to more unjust abuse from foreign writers than any other of our distinctive products, if we except the recent tirade against the American hog. And yet we cannot say that it has been altogether undeserved, because of the villainous compound, thick, hard, and heavy, that is too often made to do duty as a "crust," and which by courtesy is called "pastry." Light, tender, flaky, and digestible pie-crust and all kinds of pastry can be made most readily by the use of Royal Baking Powder without any butter, or with half the usual quantity of lard or other shortening as desired. Pie-crust thus made is much more wholesome and digestible, besides being more economical and easier prepared. In addition to saving all the butter if desired, one-third the flour is also dispensed with, as the crust is rolled that much thinner, the leavening qualities of the Royal Baking Powder swelling it to the requisite thickness. If drippings or lard be used the Royal Baking Powder removes any unpleasant taste, rendering the crust as short, sweet and pleasant as if made from the finest butter. Those who know the appetizing qualities of the genuine home-made American pie will rejoice that by the aid of Royal Baking Powder in the pastry it can be made quite as digestible as it is delicious.

Many a person is starving with a full table before them. Appetite gone! Ambition gone! Life a burden! What is the matter? The liver has ceased to do its proper work. The life channels are clogged. Poisonous fluids are thrown back into the blood, which should be thrown out, SMITH'S BILE BEANS will surely stimulate the liver to do its work well, and headache, salowness and bad breath will flee away. Price 25 cents per bottle. All druggists.

Elsewhere this morning will be found a special election notice of the board of election commissioners of Warren county, which will be held on the 17th of July for the purpose of ascertaining whether the county is in favor of the licensing of saloons for the sale of spirituous liquors or not. Those interested in this election should read this advertisement.

A Damaging Wind Storm in Michigan.  
DETROIT, June 16.—A special to the Evening Journal from East Tawas, Michigan, says: A terrific wind storm, accompanied by heavy rain, passed over here last night. It broke the United States signal staff, leveled Richards Bros.' large block of stores, being erected. Trees were blown down and a large quantity of lumber were blown into the bay. The residence of Mr. James Shaw was moved bodily off.

Instantly Relieved.  
Mrs. Ann Lacour, of New Orleans, La., writes: "I have a son who has been sick for two years; he has been attended by our leading physicians, but all to no purpose. This morning he had his usual spell of coughing, and was so greatly prostrated in consequence, that death seemed imminent. We had in the house a bottle of DR. WM. HALL'S BALM FOR THE LUNGS, purchased by my husband, who noticed your advertisement. We administered it and he was instantly relieved."

Cheap and Interior Porous Plasters  
will inevitably disappoint you, and are not worth even the few cents asked for them. Among the numerous porous plasters offered for sale Benson's Capeline Plaster alone merit implicit confidence. They have won their great popularity with the people, and gained the voluntary endorsement of the medical profession, by their unequalled curative power, and by that only. When purchasing be on your guard against cheap imitations under this name, such as "Capeline," "Capitron," "Capitron," "Capitron," etc., as certain huckstering druggists may try to palm them off on you in place of the genuine. It is better to deal with none but reputable and honest druggists. Ask for Benson's, and see that it bears the Three Stars' trademark and has the word "Capeline" in the center.

How to Tell the Time by Night.  
(From the Buffalo N. Y., "Times.")  
Perhaps the most ingenious thing in the way of an advertising novelty that has come out for many years, is a unique contrivance issued by the Duffy Malt Whiskey Company, Baltimore, Md., proprietors of Duffy's pure malt whiskey. Unlike most things of the kind, with which the country has been deluged heretofore, this is a decided departure from the usual rut, and aside from being one of the most attractive things we have ever seen, it involves a new discovery in science which is both interesting and instructive. So valuable was this discovery regarded it was awarded a first prize gold medal at the Brussels International Exposition, and it seems almost like prostituting science to put it to advertising purposes as it is something that is invaluable to institutions of learning, and would readily command a good price if put on sale. However, the Duffy people, appreciating its importance, have gotten it out in the highest artistic style, such as will secure for it a permanent place in every house in the country.

The device is called Duffy's Ancient Mariner's Stellar Time-Piece, its object being to furnish a guide whereby the correct time may be ascertained at any hour of the night, by observation of the North Star and three other bright stars near it, the four stars forming a Cross or Crucifix, which revolves round the celestial pole like the hands of a clock. By the aid of the Duffy's device, which represents a miniature firmament and tabular dial, the time can be ascertained almost to the minute which is destined to render it invaluable to Mariners, Hunters, Fishermen and to the masses generally, as after a little practice, even a child will be able to tell the time at night.

Although the device is quite an expensive one, the proprietors intend distributing it free and in time every-body in the country will have one. Requests for same by mail, must be accompanied by six cents in postage stamps addressed to their Supply Department, as already they are doled with applications.

LEMON ELIXIR.  
From North Georgia.  
Mrs. M. A. McEntire, writing from Spring Place, Ga., for many years I have been suffering from indigestion, sick headaches and nervous prostration caused from biliousness and constipation. I tried many remedies, but got no permanent relief until I used Dr. J. C. Rogers' Lemon Elixir. I am now in better health than for many years. My daughter has been subject to chills and fever from her infancy. I could not get anything to relieve her; the Lemon Elixir has restored her to perfect health.

W. A. James, Bell Station, Ala., writes: I have suffered greatly from indigestion or dyspepsia. One bottle of Lemon Elixir done me more good than all the medicine I ever took. Sold by druggists. Harloway & Cassell, Vicksburg. Prepared by H. Moxley, M. D., Atlanta, Ga.

RELIEF!  
FORTY YEARS A SUFFERER FROM CATARRH.  
WONDERFUL TO RELATE!  
"FOR FORTY YEARS I have been a victim to CATARRH—three-fourths of the time a sufferer from EXHAUSTING PAINS—ACROSS MY FOREHEAD AND MY NOSTRILS. The discharges were so offensive that I hesitate to mention it, except for the good it may do some other sufferer. I have spent a young fortune from my earnings during my forty years of suffering to obtain relief from the doctors. I have tried patent medicines—every one I could learn of—from the four corners of the earth, with no relief. And AT LAST (57 years of age) have met with a remedy that has cured me permanently—made me a new man. I weighed 125 pounds and now weigh 145. I used thirteen bottles of the medicine, and the only regret I have is that being in the humble walks of life I may not have influence to prevail on all catarrh sufferers to use what has cured me."
